INSTRUCTIONS TO APPLICANT

211025

The Canadian Alliance of Physiotherapy Regulators (CAPR) recognizes that applicants who recently completed their educational requirements and are waiting for convocation may wish to apply for credentialling prior to convocation time.

If you have successfully completed all of the requirements for the degree but have not yet received the official degree certificate, CAPR can start the credentialling process. You will need to arrange for the institution that will be awarding your degree certificate to complete this form and send it directly to CAPR. Alternatively, the institution can send all of the information requested in this form to CAPR in letter format on the institution's official letterhead.

Although CAPR can start the process without a copy of the official degree certificate, the results will not be released until an acceptable copy of the physiotherapy degree is received.
